INDEPENDENT AUDITORS' REPORT

Optsecurities, LLC:

We have audited the accompanying statement of financial condition of Optsecurities, LLC as of December 31, 2008 and the related statements of income, of changes in member's equity, of changes in liabilities subordinated to claims of general creditors, and of cash flows for the year then ended, that the Company is filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Optsecurities, LLC as of December 31, 2008, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedules on pages nine through thirteen is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

OPTSECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2008

1. SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Operations - Optsecurities, LLC (the "Company") is a limited liability company and operates as a registered broker-dealer specializing in selling mutual fund shares and variable insurance. The Company does not take title to, or control of, any securities. The Company is registered with the Securities and Exchange Commission as a broker-dealer and is a member of the Financial Industry Regulatory Authority.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Cash and Cash Equivalents - The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash deposits with financial institutions that at times may exceed federally insured limits.

Marketable Securities - The Company's investments in marketable securities consist primarily of high quality equity securities. The Company classifies its investments in marketable securities as available for sale. As such, securities are reported at fair market value with unrealized gains and losses reported as a component of stockholders' equity and comprehensive income. Realized gains and losses are reported in current earnings using the specific identification method.

Property - Property is stated at cost. Depreciation and amortization are provided over estimated useful lives using accelerated and straight-line methods.

Income Taxes - Under the provisions of the Internal Revenue Code, the Company is presently taxed as a partnership. Under such arrangement, the Company's federal and state taxable income or loss is passed through to its member for inclusion in its income tax return. Accordingly, no accrual for income taxes has been recognized in the accompanying financial statements.

The Financial Accounting Standards Board (FASB) issued interpretation No. 48, "*Accounting for Uncertainty in Income Taxes*" (FIN 48), in June 2006. This statement clarifies the accounting for uncertainty in income taxes recognized in accordance with SFAS No. 109, "*Accounting for Income Taxes*" (SFAS 109). While the Company is considered a pass-through entity, the provisions of FIN 48 may still apply in certain situations. FIN 48 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods and disclosure. In accordance with FASB Staff Position FIN 48-3, the Company has elected to defer application of FIN 48 until January 1, 2009. Currently, the Company applies SFAS No. 5, "*Accounting for Contingencies*", for any potential uncertain tax positions. Management does not expect the adoption of FIN 48 to have a material impact on its financial statements.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2008, the Company had net capital of \$61,426, which was \$56,426 in excess of its required net capital of \$5,000.

3. PROPERTY

Property consisted of the following as of December 31, 2008:

Computer equipment	\$ 18,898
Less accumulated depreciation	<u>18,898</u>
Property, net	<u>\$ -</u>

4. RELATED PARTY TRANSACTIONS

The Company's affiliate and sole member, Optcapital, LLC, provides office space, supplies, computer equipment and personnel to the Company for its use in day-to-day operations. Payments made to Optcapital, LLC in accordance with the expense-sharing agreement with the Company totaled \$14,000 for the year ended December 31, 2008.

OPTSECURITIES, LLC

SUPPLEMENTAL DISCLOSURES, DECEMBER 31, 2008

1. The Company is exempt from the SEC Rule 15c3-3 Reserve Requirement under exemption k(1).

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5

Optsecurities, LLC:

In planning and performing our audit of the financial statements and supplemental disclosures of Optsecurities, LLC (the "Company") for the year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities, if applicable. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons, and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. Because of the inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and may not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

TRUSTED BUSINESS ADVISORS

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the Company's internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2008 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
